Minister for Local Self Government
and Public Health
Old Public Offices,
Bangalore

Sir

Encouraged by your visit to our Institution some time ago in company with Dr V V Monteiro and your kindly appreciation of the work we are doing in the cause of humanity I venture to appeal to you to reconsider our case for exemption from the payment of water tax

In my letter of the 10th April, 1940 to the Law Secretary to Government I have set forth in detail the reasons why this Institution should be granted this concession which it has been enjoying since its foundation in 1886 and which was suddenly withdrawn in 1939 In the alternative I requested at least a grant for the provision of a bore-well so that we could limit our use of filtered water to the free allowance But to our disappointment the Law Secretary in his letter No L 1211/ WC 145-3°-20 dated the 2°th July 1942 intimated that no further concession than those enumerated in his letter could be shown to the Institution

I request you, Sir, to be so good as to call for the records and see your way to grant us one or the other of the above requests

I need hardly say that I have no wish to embarrass Government or take undue advantage of the favours so far extended to us by a benevolent Administration for which we are indeed very grateful but my only excuse in reopening the subject is that this heavy burden imposed on us will seriously hamper our activities in the cause of suffering humanity limited as our resources are I, therefore, once more appeal to you to take a very sympathetic view of our case and grant us the relief we urgently need for which we shall ever be grateful

As the Executive Engineer Water Supply Division is pressing us to pay the arrears of Rs 3 521-0-0 I request the favour of a very early reply If you require any further information or wish to discuss the mutter further, I shall be very glad to call on you, at the Office, at any time and date that may be fixed by you

Yours sincerely
